

Making a Paper Pot

Materials Needed

- 4"x4" wooden cube
- Masking tape
- Newspaper (full sheets)

Making a Paper Pot

- Fold once, twice.
- Wrap around 4"x4" cube with folded edge down on board.
- Tape side with masking tape.
- Fold in top, once, twice, three, four times, like wrapping a present, then tape.
- Pull off cube and start again.

Pots fit in Standard Nursery Flats

These pots fit snugly in a standard nursery flat that is approximately 16"x16". Once filled with soil and water, these pots stay in flats better than the plastic ones.
